Restorative for the Hair.

THE age in which we live is truly one of research and discovery, and to Professor Wood the present and succeeding generations are indebted for one of the most valuable remedies produced for the restoration of the hair. Many persons while young in years begin to lose their hair, and sems turn gray, but by the use of this surrested, or restored to its original color, and it is rendered soft and glosey in appearance. Remember, this is not a crossing fluorisation of post and some sure in the produced for the present and surrested, or restored to its original color, and it is rendered soft and glosey in appearance. Remember, this is not a crossing fluorisation of post of a stake, in corner, there exist, closeing fluorisation of post to the beginning containing 300 hundred genes more fluore with Ward's western houndary into, crossing fluorisation and the produced for the restoration of the hair, and sems turn gray, but by the use of this truly wonderful priparation, its tendency to fall off is arrested, or restored to its original color, and it is rendered to the original color, and it is rendered to the original color, and it is rendered to the desired seven more with Ward's western houndary into, crossing blumdred genes more with Ward's western boundary into, crossing the cross the point of the action decorated.
